

Sightmark Citadel 1-10x24 HDR Abshehen Sport und Jagd in einem Glas

Sightmark Citadel 1-10x24 Drückjagd und Ansitz in einer Zieloptik

Kaliber: Optik - Zielfernrohre

Zustand: neu

Beschreibung:

Offering a wide magnification range for close to mid-range shooting, the Citadel 1-6x24 combines impressive performance with a stealthy appearance. Designed with real shooters in mind, the Citadel 1-6x features a second focal plane BDC reticle calibrated for 55gr 5.56/.223, red reticle illumination for contrast against targets and low light shooting and fully multi-coated optics. Capped, low profile turrets protect zero and add to the Citadel's no-nonsense, subdued appearance. A single-piece, 30mm tube and aircraft grade aluminum construction make the Citadel extremely durable and IP67 waterproof. Ideal for a variety of firearms, including ARs and bolt actions rifles, the Citadel 1-6x24 CR1 includes flip up lens caps, a handy throw lever and one CR2032 battery. Included in Package[]- Flip up lens covers[]- Throw lever attachment[]- CR2032 battery Batteries Used[]- Type: CR2032[]- Quantity: 1 Features[]- BDC reticle calibrated for .223 55gr[]- 6:1 zoom ratio[]- Capped[]- low-profile turrets[]- Second focal plane reticle[]- Red illuminated reticle[]- Single-piece 30mm tube[]- Shockproof[]- fogproof[]- waterproof
